CONTACT ADHESIVE SF

SOLVENT-FREE FORMULATION

PART OF THE GLUES & ADHESIVE RANGE

A heavy duty, waterbased, spreadable contact adhesive.

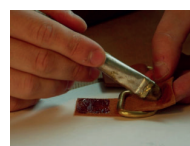

Uses: For securing floorcoverings accessories and profiles to internal vertical and horizontal surfaces such as, walls, ceilings and stairs. Sticks vinyl, linoleum, textiles, rubber floorcoverings, EPDM, flexible stair nosings, vinyl and rubber skirtings, laminate, wood, metal, plastic, plaster, painted surfaces, cork, leather and expanded polystyrene. For use in general building installations, shopfitting, laminating, furniture manufacture, roofing applications and DIY. Can be used externally if protected from rain and water.

Benefits:

- Solvent-free formulation.
- Supplied in recycled plastic tubs.
- Easy to use.
- Non-flammable.
- Can be used on porous and non-porous materials.
- Extended working time.
- Excellent bond strength.
- Internal and external use (if protected from water).
- Safer to use than traditional solvented contact adhesives.
- Water clean up.
- Coverage
Depending upon substrate condition and porosity the approximate coverage rates will be approximately 10m² per litre.

SPECIFICATION SUMMARY

Open Time @ 20°C	Approx. 30 mins
Full Cure @20°C /50% RH	ca. 48 hours post application
Density	ca. 1.1g/cm ³
Application Temperature Limits	+5 to +30°C
Viscosity	ca. 17,000Cps at 20°C
Temperature Resistance	-30 to +100°C
