

Never compromise on quality!

FOIL SAFE SOLVENT CLEANER

Non-Dissolving Cleaner For Foiled uPVC

PROFESSIONAL CLEANING RANGE

Description:

A non-dissolving cleaner for use on unplasticised PVC profiles and profiles covered by foils.

Uses

FOIL SAFE has a non-flammable user friendly formulation and is ideal for the safe and effective removal of uncured PU foam, uncured silicone, label / foil protection adhesive deposits, wax, pen, wet bitumen products, sealing compounds and general dust, dirt, grime and debris.

Application

Shake before use. Apply using a clean, dry, non staining, soft cloth apply **FOIL SAFE** to the surface and rub clean. For very soiled, engrained or stubborn deposits a further application maybe required perhaps applying slight pressure.

If **FOILSAFE** is being used to prepare areas prior to the application of a sealant or adhesive, ensure that all residue is removed as this could hinder adhesion.

Limitations

FOILSAFE can be used with most coloured and wood grain PVC, but due to variability in quality it is recommended to carry out a test in an inconspicuous area first.

Container Size

Supplied in 1L plastic bottles.

Colour

Opaque/ white liquid.

Shelf Life

12 months from date of manufacture when stored in sealed bottles.

Storage Conditions

Non-flammable, store upright, in cool conditions. Protect from frost.

Disposal of Containers

Do not leave empty containers where residue could be harmful to

children, animals or the environment. Remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

Specification Summary

Appearance	Opaque/ white liquid
Flammability	Non-flammable
Boiling Point	Approx 100°C
Density	0.99g/ml
Minimum Application Temperature	+5°C
UFI	7M00-E0HC-Y004-1KET

Product Details:

Colour:	Opaque/white
Code:	BDC007
Size:	1L
Barcode:	5060021368645
