

MOULD STOP

Powerful Mould, Mildew & Organic Growth Removing Agent

Technical Data Sheet

BUILDERS COMPLETE RANGE

HSE NO 9828-GB

HSE NO 9828-NI

Description:

A premium grade, powerful cleaning agent formulated to remove mould, mildew and lichen, etc.

Features & Benefits:

- ◆ Removes and eradicates organic growth.
- ◆ Suitable for use on wood, concrete, plastic, stone and tarmac.
- ◆ Easy to use - just apply and leave to dry.
- ◆ Contains no bleach or acids.
- ◆ No scrubbing or pressure washing required.
- ◆ Internal and external application.

Uses

Removes all types of active mildew, lichens, organic green growth, algae, etc. from brick, stone, roof tiles, corrugated iron, lead, built up felt, concrete, wood, tarmac, painted surfaces, decking, garden furniture, pavements, plastic and glass. Ideal for use at home, in the garden, for caravans and boats, public walk areas, in farm yards, kennels and stables. Can also be used on fabric awnings (check for colour fastness first). Can be applied in interior and exterior locations.

Limitations

This product will scorch foliage where it makes contact, however, small amounts of run-off should not harm roots. Take care near fish ponds; a few drops entering water will not harm fish/pond life but try to avoid this happening. Plastic implements are recommended for application. Rinse after use and clean metal parts thoroughly to avoid corrosion as this product may attack marble and some metals. Do not throw rinsing water onto plants/grass. If the surface is to be treated with any other product then the surface should be swept with a stiff brush to remove dried material, washed and left to dry out prior to application.

Application

Ideally use when rain is not imminent. Use only in well ventilated areas. Ensure the surface to be treated is free from loose material, dirt and grease. Use product neat, no need for dilution. Use either a spray, soft broom, paint brush or watering can to apply. Apply evenly to the surface to be treated. Ensure the liquid thoroughly coats cracks and crevices. Leave for a few days to dry to allow product to reach full strength. Kills mould and algae within 2-3 days of application and prevents re-growth for many months. Stubborn growth areas may require further application. Any residue should weather away over a period of time. Note: as all surfaces differ, it is recommended that this product is tested on a small inconspicuous area to determine suitability before use. It is the users' responsibility to determine suitability.

Cleaning Of Tools

Rinse equipment after use with plenty of clean water. Note: Do not throw rinsing water onto plants/ grass.

Size

1L, 2.5L and 5L plastic bottles.

Coverage

15m² per litre depending on porosity of substrate.

Colour

Clear liquid.

Shelf Life

24 months from date of manufacture when stored in unopened bottles.

Storage Conditions

Store in cool, dry conditions in a sealed container between +5 and 30°C, away from food, animals and children. Protect from frost, high temperatures and direct sunlight.

Disposal Of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any bottles or used material to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate safety data sheet (SDS) for full handling, use and storage instructions. Keep out of reach of children. It is the user's responsibility to determine suitability for use. If in doubt, contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control.

STATUTORY CONDITIONS OF APPROVAL RELATING TO USE.

FOR USE ONLY AS A SURFACE BIOCIDES.

Application rate: 1 litre of product will treat 15m².

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval. READ ALL PRECAUTIONS BEFORE USE. HSE 9828-GB, HSE 9828-NI.

DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. This material and its containers must be disposed of in a safe way. Wear suitable protective gloves. Wear eye/face protection. Avoid contact with skin. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Do not breathe vapour/spray. Only use in well ventilated areas. In case of insufficient ventilation wear suitable respiratory equipment. Do not empty into drains. Do not contaminate ground, waterbodies or watercourses with

chemicals or used container. REMOVE OR COVER ALL FISH TANKS AND BOWLS before application. KEEP AWAY FROM ALL TREATED SURFACES UNTIL DRY. WASH HANDS AND EXPOSED SKIN before meals and after use. KEEP IN A SAFE PLACE. Keep out of reach of children. If swallowed, seek medical advice immediately and show this container.

Professional use: The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work. Avoid excessive contamination of coveralls. In case of insufficient ventilation wear suitable respiratory equipment. Guidance on suitable respiratory protective equipment and eye protection is provided in HSE Booklet HS(G)53: "The Selection, Use and Maintenance of Respiratory Protective Equipment – A Practical Guide". To avoid risk to man and the environment, comply with the instructions for use.

Specification Summary

Appearance	Clear liquid
Flammability	Non-flammable
Composition	Waterbased
Active Ingredient	Benzalkonium Chloride 3.25% w/w
Commodity Code	3402509000
